Financial Policy

Welcome to Women's Healthcare Group of Illinois.

Thank you for choosing Women's Healthcare Group of Illinois for your health care needs. Please read our financial policy and if you have any questions please ask one of our staff for assistance.

You will be asked to show the receptionist your current insurance card at each visit. Please come prepared. This allows us to verify the information and assist you in collecting the benefits from your insurance company to which you are entitled.

INSURANCE POLICIES

For insurance companies that we participate with:

We are pleased to bill your insurance for you. If your insurance company requires you to make a co-pay, coinsurance, and/or deductible we expect this payment at the time of service. In addition, you are responsible for any amount the insurance plan deems not covered, up to the entire amount.

If we do not hear from your insurance company:

If we have not received payment or rejection from your insurance company in a timely manner, we will transfer the balance to your responsibility. We request your assistance in following up with your insurance company to resolve any non-payment issue.

For insurance companies that we do not participate with:

You are responsible to pay for services rendered at the time of service. Your insurance may cover the costs of your service and we are happy to assist you by submitting your insurance claim for you. This does not guarantee payment and it does not relieve you of your obligation to pay at the time of service. Your insurance company will pay you, or possibly reject the claim. Your insurance company is required to notify you of the reason behind any denial so that you can follow up with them accordingly.

SELF PAY

If you do not have insurance or are seeking care outside of your insurance plan benefits, payment in full is requested at the time of service. Our staff will gladly give you an estimate of your visit prior to your appointment. If you are interested in making arrangements to have the balance paid in full by your appointment date, someone from our billing department will contact you with further details. For your convenience we accept cash, checks in the amount of \$150 or less, money order, Visa and MasterCard.

COPAYMENTS

According to the agreement that you have made with your insurance company, copayments are due at each visit. If you are not prepared to pay your co-pay, your appointment will be rescheduled.

COINSURANCE

Coinsurance is based on the pre-determined level of coverage outlined in your insurance policy. For example, you may have an 80/20 plan, meaning the insurance company will consider and pay on 80% of the charges and the remaining is the patient's responsibility. It is important that you review your coverage to determine your level.

DELIVERY AND PROCEDURES

Our staff will contact your insurance to verify eligibility, determine benefits and any possible “out of pocket” costs. Any patient responsibility will be due prior to the delivery and/or procedure. For your convenience, payment arrangements are available. Please contact our Billing Department to set up a payment plan. *This verification of benefits is only an estimate of what you may owe and NOT a guarantee that your insurance company will make payment.* Please call your insurance company if you have any questions.

LABORATORY

Due to varied contractual arrangements between lab companies and health insurance plans, please verify that you are being directed by our office to a lab that is a participating provider with your plan. Your lab billing is separate from our physician’s billing and you may receive a separate itemized bill from the laboratory. *Please contact the laboratory regarding any billing questions.*

CODING FOR YOUR SERVICES

Many insurance companies have restrictions on the type of services that are covered by their policies. It is your responsibility to know these limitations. WHCG cannot charge for services based on the limitations of your insurance policy. Government regulations dictate that all health care providers must submit claims that accurately reflect the services that are provided and documented in the patient’s medical record. To maintain compliance with these regulations and uphold the highest ethical standards, our staff is under strict guidelines that demand that they code services to the highest level of accuracy. Based on this, in the event you are seeing WHCG for preventative services, but at the same encounter, address additional problem-related issues, WHCG may be required to charge for these additional services. This occurs when the additional issues addressed meet certain criteria that are considered above and beyond the scope of the preventative visit. *Please do not ask our staff to change coding for the purpose of getting your insurance to make payment on services rendered.*

FEES

Our fees for professional services are consistent with those in the community. An estimate for proposed services may be obtained upon request, and in many instances are given routinely. We suggest you contact your insurance prior to services being rendered so that you are aware of your potential financial responsibility.

Health plan coverage varies significantly by carrier, by employer, and/or by contract. We cannot know the benefits and exclusions of each patient’s health plan. It is the patient’s responsibility to know and understand her plan coverage and benefits.

If you have any questions regarding our fees, we encourage you to discuss them with our Billing Supervisor or Office Manager.

DISABILITY AND OTHER FORMS

We realize that special forms are sometimes necessary to provide documentation of medical conditions. Completing forms is time consuming and generally falls outside of the contractual relationship between you and your insurance company. We will be happy to complete the initial form for you free of charge. Each additional form must be accompanied with a filing fee of \$25.00 prior to completion. Please allow appropriate time for completion.

RETURNED CHECKS

A fee of \$30.00 for checks returned to us for insufficient funds will be charged to your account. Future services will require payment by cash, money order, or credit card for your payment obligations.

BALANCES

All balances must be paid in full prior to being seen by a physician. Failure to make this payment may result in your appointment being rescheduled.

STATEMENTS

You will receive a statement from our Billing Department once a month if there is an outstanding balance. The billing statement will itemize services as well as any payments, deductibles, or coinsurance amounts applied by your carrier. Payment is due within 15 days of receiving the statement. It is important to pay the balance within this time frame to avoid additional collection action. If you do not understand your statement or have questions regarding your balance, please feel free to contact our Billing Department for clarification. If your insurance delays processing or processes your claim incorrectly, you will need to contact them directly. If you cannot meet your financial obligation, please contact our Billing Supervisor. Every effort will be made to work out an acceptable payment plan. You will continue to receive a statement until all of your charges and all dates of service are paid in full.

For your convenience Visa and MasterCard are accepted.

PAST DUE ACCOUNTS

In the event that a balance becomes past due, the account will be considered delinquent. Delinquent accounts are subject to further collection action, including placement with a collection agency. Accounts that are placed with a collection agency now become the responsibility of the collection agency. In addition, all accounts placed with a collection agency will also be forwarded to the three major credit bureaus which unfortunately will adversely affect your credit scores. The patient is responsible for the balance in addition to any late payment penalties, interest and legal fees incurred during the collection of funds.

Patient accounts that have been placed with the collection agency are considered a breach of the patient-physician relationship. For this reason, the patient will receive notification that she has been discharged from the practice.
